

Study Bibles for Persecuted Asian Pastors

Serving the Persecuted Church in Access-Restricted Asia

Imagine...The doors of your church as they are forcibly closed and secured by local and state police working in concert with federal agents!

Imagine...Your church leaders disappearing to who knows where overnight!

Imagine...No more Sunday or mid-week services and a flock left with no shepherd. You must meet secretly in homes or not meet at all!

This is the long-term and ongoing reality in access-restricted nations of Asia (ARNA). Yet these tough challenges do not keep courageous Christians from meeting in homes or from stepping forward to replace imprisoned pastors, knowing they may be next. If caught, they face the probability of arrest, beatings, fines, and the possibility of torture, long-term, hard-labor imprisonment and separation from their natural and spiritual families.

Here is a testimony written by an ARNA Pastor of Pastors:

Thank you (for) sending Study Bible(s)! It big helping to me, co-worker pastor(s) and heaven family. Study Bible(s) and teaching training you bringing making many wonderfals. (with) bible teaching training you share to us and Study Bible(s) we can very prepare teaching more better. Thank you to make happy our heart. (it is) very hard finding Study Bible(s). Please send more.

The Bad News

House Church Pastors in access-restricted nations of Asia (ARNA) usually do not know how to study or teach the many books of the Bible with their historical, cultural and literary contexts in mind.

Moreover, twenty-four/seven Christian Radio is not available. There are no personal or church libraries full of “study helps” and commentaries. Fellowship with other house church pastors is risky. Attending underground training seminars is even riskier!

The church in China, for example, is growing by 25,000 – 35,000 new believers every day. And since, by definition, the church must meet in homes, unimaginable numbers of house church pastors are necessary. Tens of thousands of Study Bibles are desperately needed. -Precious few ARNA pastors own one!

ARNA pastors’ most often-requested item is not money, or some material possession; nor is it help in escaping the oppression of their homelands, it is a Study Bible!

The Good News

Frontline Resources is providing house church pastors with Study Bibles and Inductive Bible Study training uniquely designed for their Christendom realities!

As with the early church, God is using persecution to mature ARNA’s Church, spread the Gospel and multiply His family. In some nations, mind-boggling numbers of new believers quickly and continually outgrow the “gathering-in-safety” limitations of their house churches. The need to continually train and release thousands of “Timothys” to pastor additional house churches is an ongoing necessity. –Imagine!

Frontline Resources can supply these pastors with their own native language, Old and New Testament Study Bible for \$5.00!

Imagine...Being in their shoes! Oh, how we would hope and pray that our family in Christ with the freedom and means would provide us with these invaluable tools.
